A single storey cottage which has been converted from the cowshed. Slightly larger than Pascoe's, Foxglove has a spacious open plan kitchen, diner and lounge area with en suite double bedroom and a twin bedroom.

The Cottages

The cottages are set within a large enclosed garden with private parking. Each cottage has a patio area with garden furniture. Should you wish to bring your boat with you on holiday to Cornwall, we have ample space for storage and you can leave the trailer at Gadles whilst the boat is on the water. We can also assist with launching at Mylor harbour. Similarly, space is available for storage of bikes and surfboards should you wish to bring these with you.

Cornwall is renowned for its fresh local produce. There are ample farm shops, butchers, bakers, pubs and restaurants within easy reach for you to sample a taste of the South West. Please note: both cottages are non smoking.
